以堅強的整合實力 打造國際化集團

勤信為本
專業為用
成果共享

1990年，創辦人張永然先生秉持「勤信為本、專業為用、成果共享」的經營理念，成立「崇越科技」，投入具前瞻性的科技領域。在現任集團董事長郭智輝博士率領下，積極引進最新製程與技術，以卓越的策略規劃和高效益的執行能力，導入全球運籌管理模式，提供顧客最高規格的整合服務。

在高科技領域方面，崇越科技堅持以穩定的品質、精準的交期、迅速的服務，滿足客戶需求。代理銷售半導體、LCD、LED等產業所需之精密材料、製程設備與零組件，提供系統規劃整合服務。自2003年股票上市以來，更持續深化業務，拓展營運範疇，佈局全球市場，事業版圖擴及環保、綠能科技產業，如廠務廢水處理、無塵室、太陽能電站工程，從設計、建置、運轉、維修等一貫整合服務，建構完備的供應鏈與服務網。逐年攀升的營收與獲利表現，驗證了我們的專業整合實力，已深獲全球客戶的青睞及肯定。

在踏實的根基下，崇越科技延伸觸角，以科技思維建構大健康事業，整合健康生產、健康服務，跨足食品科技及健康樂活等大健康領域，包括：創辦「安永鮮物」健康超市，嚴選安心、鮮美、便利的健康食材；打造半導體級「安永生技」彌陀加工廠，提供具產銷履歷的優質水產品及代工代凍服務；於宜蘭蘇澳建置鑽石級綠建築「安永心食館」觀光工廠，彙集美饌與休閒遊憩；積極培育甲組勁旅「全越運動棒球隊」，成立運動中心、XPORTS專業運動訓練品牌，以及運動補給品牌Betery，研發優質補給品，陪伴民眾迎接運動健康的生活。

從高科技、環保綠能至大健康產業，崇越集團從一棵樹到綠蔭成林，積極正向成長，開創事業榮景，落實全方位國際集團的企業願景。展望未來，仍將秉持「崇尚完美，追求卓越」為宗旨，善盡社會責任，繼續為守護環境永續與提升人類美好生活貢獻心力！

Forging a global corporate with leading integration services

In 1990, Mr. Yuan-Jan Chang founded Topco Scientific with the philosophy of "diligence, professionalism, and sharing the success" to enter the advanced technology field. Under the leadership of Dr. J.W. Kuo, the current Chairperson, Topco has been actively introducing the latest manufacturing processes and technologies to provide customers with the highest standard of integrated services through achieving excellent strategic planning and efficient execution with the global logistics management capability.

In the field of advanced technology, Topco pursues reliable quality, punctual delivery, and responsive service to meet customer needs. In addition to providing precision materials, manufacturing equipment, and components for the semiconductor, LCD, and LED industries, Topco also offers system planning and integration services. Not stopped by its stock IPO in 2003, Topco has continued to explore more business, expand the scope of operations, and march into the global market; and Topco has reached its business into the environmental protection and green technology industries, such as plant wastewater treatment, clean room, and solar power plant projects. To complement the expansion, Topco built a complete supply chain and service network by providing integrated services from design, construction, operation, and maintenance. The continuing growth of annual revenue and profitability has proven that Topco's professional integration capabilities have been well received and recognized by customers from all over the world.

With a solid foundation, Topco extends its reach to build a comprehensive health business with technological thinking to incorporate health products and services and extend to the general health fields of food technology and health welfare. To achieve this, Topco founded ANYO Fresh, a healthy food supermarket, to offer customers select safe, fresh, and convenient healthy ingredients; and Topco also established ANYO Biotechnology, a provider of high-quality fishery products with track records as well as food processing and deep-freezing services with semiconductor-level cleanness and precision, in Mituo, Kaohsiung. In Su'ao, Yilan, Topco built ANYO Museum, a tourism factory with a top-grade green building that offers both delicacies and recreation. In addition, Topco is fostering the ANYO Fresh. Establishing the XPORTS professional sports training brand and the sports nutrition brand Betery, we aim to provides quality products to help people in their journey of fitness and health.

From advanced technology, environmental protection, and green energy to the general health industry, Topco has grown from a single tree to an enormous forest. Today, it's still actively and proactively creating business prosperity and realizing its corporate vision to become a global corporate. Looking ahead, Topco will continue to observe the "Excellence via Perfection" motto to fulfill its social responsibility, contribute to environmental sustainability, and ultimately make the world a better place.

2017 "EY Entrepreneur of the Year"

郭智輝

崇越科技長期深耕半導體、光電、太陽能等科技領域，提供客戶精良、準確、迅速的服務品質，創造企業核心價值。面對產業景氣瞬息萬變，崇越始終抱持精進的精神，持續引進強勢產品，優化專業整合服務；主動發掘客戶需求，掌握未來市場趨勢；致力研發創新及產學合作，更多方面投入前瞻性領域，從高科技整合服務供應商出發，躋身全方位國際化集團。

崇越科技在台灣半導體王國建立綿密的供應網絡，與客戶奠定信賴的夥伴關係。隨著半導體製程技術不斷推新，崇越除持續引進優勢產品，更積極建構晶圓代工服務平台，協助客戶引進合適的製造技術、加速產品導入市場。

在AIoT、5G、車用及高效能運算等新興應用驅動下，崇越科技持續建立加值技術與服務，包含：5G、第三代半導體、電動車及Micro LED領域關鍵材料與設備，並尋找合適的策略聯盟及合作夥伴。

因應全球供應鏈分散移轉，新設立的美國、日本據點將成為營運重點；並以新加坡為營運中心，拓展新加坡、馬來西亞、越南等海外市場，就近回應客戶需求，提供倉儲業務及水處理工程服務，建立各地區之供應鏈平台。

環保工程方面，積極取得大型廢水處理專案，開發事業廢棄物清運等再循環工程技術，透過轉投資整合拓展再生能源、循環經濟等領域，落實環境永續，挹注新成長動能。轉投資之安永事業，以科技思維建構Health Care大健康產業，導入健康飲食觀念，為大眾健康承諾永續的未來。

公司將持續深耕高科技領域，強化海外市場佈局，快速回應客戶需求，並發展循環經濟及大健康事業，善盡企業社會責任、落實ESG精神，追求企業永續經營與發展。

Foresee the future, act globally

With its long engagement in the semiconductor, optoelectronics, and solar energy fields, Topco provides its customers with excellent, right-to-the-point, and timely services to enhance its core value. In the face of the rapid-changing industries, Topco is always elevating itself by continuing to introduce strong products and offer leading-edge, professional integration services as well as proactively exploring customer needs and grasping future market trends. Topco not only devotes itself to innovative research and industry-academia cooperation but also to invests in forward-looking fields in many ways to become a high-tech integrated service provider and therefore an all-aspect global corporation.

In Taiwan, the renowned "semiconductor kingdom", Topco has established a prevalent supply network along with a reliable partnership with its customers. With the continuous advancement of semiconductor process technology, Topco not only continues to introduce superior products but also actively builds a wafer foundry service platform for its customers to adopt suitable manufacturing technology as well as to accelerate the time-to-market.

Driven by emerging applications, such as AIoT, 5G, automotive and high-performance computing, Topco continues to launch value-added technologies and services, including key materials and equipment in the emerging fields of 5G, third-generation semiconductors, electric vehicles and Micro LED. Additionally, the company is actively seeking strategic alliances and collaborative partners.

In response to the decentralization and migration of global supply chains, Topco's newly-established U.S. and Japan offices will become the focus of operations. With Singapore as the operations center, we will expand into overseas markets, such as Singapore, Malaysia and Vietnam, to respond to customers' needs and provide warehousing and water treatment engineering services in closer proximity to market demand to build up a supply chain platform spanning different regions.

In terms of environmental engineering, Topco has actively won major projects related to wastewater treatment. We have also developed cutting-edge technologies for handling industrial waste and promote recycling initiatives. Through strategic investments, we integrate and expand into areas such as renewable energy and circular economy, contributing to environmental sustainability and injecting new momentum for growth. Through its investments in ANYO and guided by a technological mindset, Topco is developing a Healthcare industry ecosystem that introduces concepts of healthy eating and lifestyle, promising a sustainable future for the well-being of the public.

Topco will continue to focus on high-tech fields, strengthen its deployments into overseas markets, rapidly respond to customers' needs, develop its circular economy and health business, fulfill its corporate social responsibility, implement the ESG spirit, and pursue the sustainable operations and development of the company.

- 
- 2022** 投資峻川商事株式會社、檳越科技有限公司。
 - 2021** 投資越頂科技股份有限公司、台螢實業股份有限公司、光宇工程顧問股份有限公司、TOPCO SCIENTIFIC USA CORP. 與XPORTS專業運動訓練品牌。群越材料取得IATF 16949認證。
 - 2019** 受託營運臺北大學運動中心。
 - 2018** 安永生技彌陀加工廠落成啟用。
 - 2017** 宜蘭蘇澳「安永心食館」觀光工廠開幕營運。
 - 2016** 投資宜蘭安永樂活股份有限公司。
 - 2012** 投資晶陽能源科技股份有限公司、群越材料股份有限公司、安永生物科技股份有限公司、安永生活股份有限公司。
 - 2011** 社會甲組棒球隊成立。
 - 2010** 獲頒美國杜邦公司「傑出貢獻獎」、榮獲台灣金根獎。
 - 2009** 榮獲ISO-9001國際品質認證。
 - 2008** 投資建越科技工程股份有限公司、嘉益能源股份有限公司、冠越科技工程股份有限公司。
 - 2007** 環工事業本部取得OHSAS 18001職業安全衛生管理系統認證。
 - 2006** 6月24日內湖企業總部落成啟用。
 - 2005** 投資崇智國際投資股份有限公司、崇盛投資股份有限公司、蘇州崇越工程有限公司。
 - 2004** 投資新加坡TOPSCIENCE(S) Pte Ltd.
 - 2003** 8月25日股票公開上市。投資上海崇誠國際貿易有限公司。榮獲第11屆經濟部產業科技發展獎。
 - 2002** 榮獲第2屆中華民國卓越成就金炬獎。
 - 2001** 投資敏盛科技股份有限公司。
 - 2000** 5月24日股票公開上櫃。
 - 1997** 榮獲ISO-9002國際品質認證。
 - 1995** 投資台灣信越半導體股份有限公司、信越光電股份有限公司。
 - 1993** 投資崇越石英製造廠股份有限公司。
 - 1990** 2月17日崇越科技股份有限公司設立。

- 
- 2022** Invested in Shunkawa and Ping Yue Technologies.
 - 2021** Invested in Top Vacuum, Tai Ying Resource Industrial Corporation, Unitech New Energy Engineering and Topco Scientific USA Corp. Established professional sports training brand "XPORTS". Topchem Materials obtained the certification of IATF 16949.
 - 2019** Grand opening of National Taipei University Sports Center.
 - 2018** Grand opening of ANYO Biotechnology's Mituo Plant.
 - 2017** Grand opening of "ANYO Museum" in Yilan.
 - 2016** Invested in YILAN ANYO LOHAS.
 - 2012** Invested in Ching Yang Energy, Topchem Materials, ANYO Biotechnology, and ANYO Freshmart.
 - 2011** Started a Grade-A amateur baseball team.
 - 2010** Won "Outstanding Contribution Award" by DuPont in the US and awarded with Annual Taiwan Golden Root Award.
 - 2009** Obtained ISO-9001 International Quality Certification.
 - 2008** Invested in ECO Technical Services, Jia Yi Energy and KuanYueh Technology Engineering.
 - 2007** The Environmental Engineering Business Unit obtained the certification of OHSAS 18001 Occupational Health and Safety Management System.
 - 2006** The Neihu Corporate HQ Building was commissioned on June 24.
 - 2005** Invested in Chongzhi International Investment, Chongsheng International Investment, and Suzhou Topco Construction.
 - 2004** Invested in Singapore Topscience(S).
 - 2003** Became a TWSE listed company on August 25. Invested in Topco Scientific (Shanghai). Awarded with the 11th ITA Award by the Ministry of Economic Affairs.
 - 2002** Awarded with the 2nd R.O.C Golden Torch Award.
 - 2001** Invested in Taiwan E&M Systems.
 - 2000** Went public and listed in OTC on May 24.
 - 1997** Obtained ISO-9002 International Quality Certificate.
 - 1995** Invested in Shin-Etsu Handotai Taiwan and Shin-Etsu Optoelectronic.
 - 1993** Invested in Topco Quartz Products.
 - 1990** Topco Scientific was established on February 17.

Epoxy Mold Compound for IC Packaging, Thermal Interface Material, Polyimide, Silicon Based Die Attached Material, Liquid Encapsulation, Insulating Materials, MT Type Inter-connector, JCR, SELFA Tape, High Thermal/Static Dissipative Tape, Release Film, Flux, Solder Paste, Cu Pillar and Mass Array Solution.

半導體整合服務 IC Foundry Service

為IC設計公司提供設計、IP方案、投片生產等服務的整體解決方案

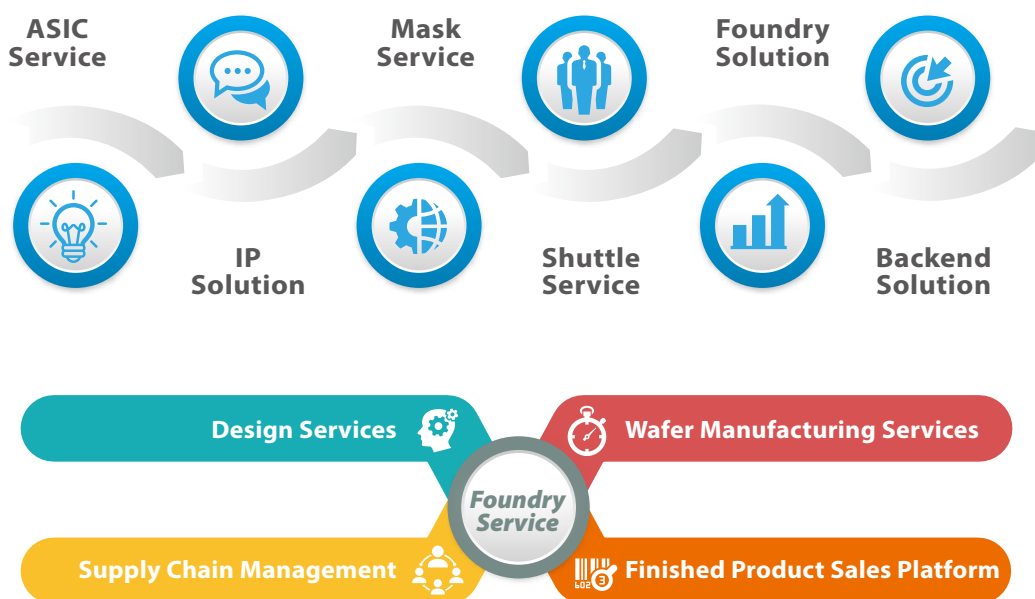

Total service solutions for IC design company from design, IP solution to production.

提供客戶一條龍的便捷式服務，包含ASIC委託設計、晶圓代工、封裝測試、光罩代購、IP整合與工程專業諮詢，以全面性的整合服務帶給客戶最便捷的產品生產周期；並提供第三代半導體元件的整合解決方案，針對SiC、GaN等高效能電源IC，從材料基板、晶圓代工與封裝測試，協助客戶快速回應市場脈動。

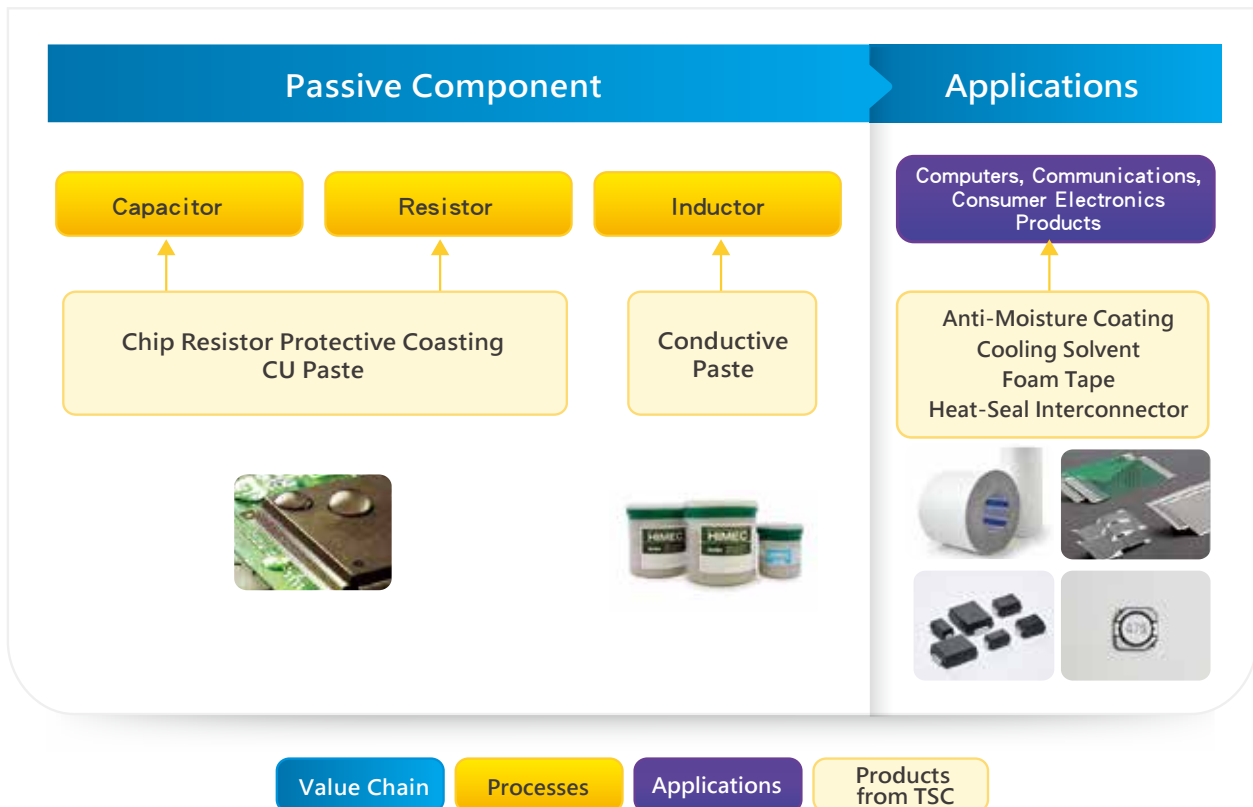

崇越集團的IC設計服務與量產解決方案，經過多年的技術累積，在台灣、日本、大陸、新加坡與馬來西亞已建立起完整的服務生態圈，並已服務超過200家以上的IC設計公司。

Topco offers customers a seamless and convenient one-stop service, encompassing ASIC design outsourcing, semiconductor fab outsourcing, packaging and testing, photomask procurement, IP integration and expert engineering consultation, streamlining the product manufacturing cycle for clients through comprehensive services. Additionally, we provide integrated solutions for third-generation semiconductor components, catering to high-performance power ICs, such as SiC and GaN. This includes everything from material substrates to wafer fabrication and packaging testing, aiding clients in swiftly responding to market trends.

Topco's IC design services and mass production solutions offer the benefit of years of technical expertise and know-how. We have established comprehensive service ecosystems in Taiwan, Japan, Mainland China, Singapore and Malaysia, and our services have extended to over 200 IC design companies, further showcasing our widespread reach and expertise in the field.

光電材料 Photoelectric Related Products

電子應用相關材料

Electronics Applications Related Materials

導電塗料（銅漿、銀漿）、熱壓導電膜、導電橡膠、氟素橡膠、矽氟橡膠、聚醯亞胺、氟素壓克力、光罩 / 玻璃防污塗佈劑、離型膜、氟素溶劑、泡棉膠帶、固晶膠、LCD光罩保護膜、特殊氣體、耐高溫印刷/噴塗油墨、光纖預型體、稀土氧化物與金屬、特用塗料、石英布、雙馬來醯亞胺。

Conductive Materials (Cu Paste, Ag Paste), Heat Seal Connector, Rubber Connector, Fluoro Elastomers, Silicon Fluorine Elastomer (SIFEL), Polyimide, Fluoro Acrylics, Anti-smudge Material for Glass or Mask, Opulent (TPX), Fluorine Solvents, Foam Tape, Silicon Based Die Attached Material, LCD Pellicle, Special Gas, High Thermal Resistance Printing/Spraying Ink, Optical Fiber Preform, Rare Earth Oxides and Metals, Specialty Coating, SQX series, BMI Resin (SLK-series).

太陽能相關材料

Solar Related Materials

單多晶太陽能模組、碳化矽研磨粉、石英部品、石英坩堝、特殊化學品、特殊氣體、太陽能電池用導電塗料、鑽石切割線。

Single/Poly-crystalline Solar Module, Silicon Carbide Abrasive Powder, Quartz Parts, Quartz Crucible, Special Chemical, Special Gas, Conductive Paste for Solar Cell, Diamond Wire.

LED相關材料

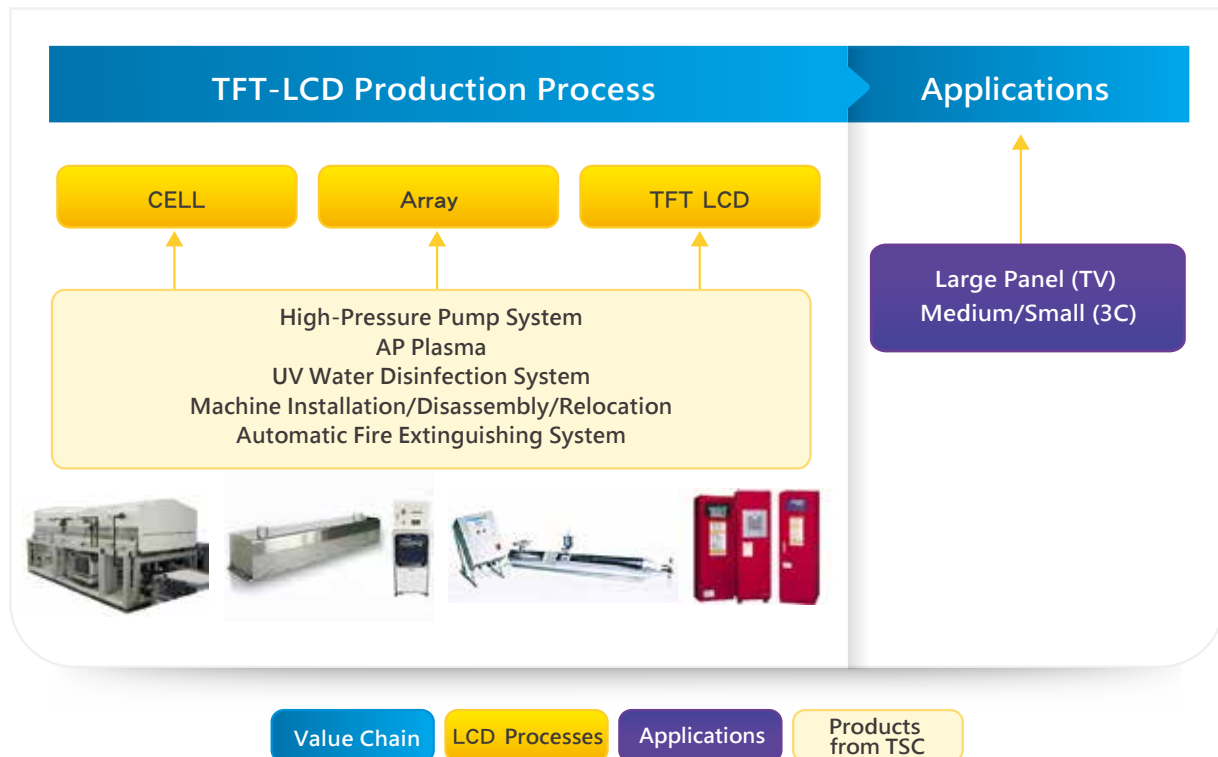

LED Related Materials

LED磊晶片、磷化鎵基板、合成石英載板、石英部品、LED封裝保護材、固晶膠、特殊化學品、特殊氣體、LED支架反射蓋塑料、藍寶石基板加工用鑽石切割線、碳化硼研磨粉、高功率LED、氧化鋁研磨液、CSP膠帶。

GaP/GaAsP Epitaxial Wafer, GaP Substrate, Synthetic Quartz Substrate, Quartz Parts, Silicon Based LED Coating Material, Silicon Based Die Attached Material, Special Chemical, Special Gas, POTICON, Diamond Wire, B4C Powder for Sapphire process, High Power LED, Alumina Oxide Polishing Slurry, CSP Tape.

設備與服務 Equipment and Services

自動滅火系統、垂直式石英清洗機、水平式石英清洗機、石英部品清洗機、單晶圓蝕刻設備、光罩儲存櫃體、有機溶劑回收系統、閘閥。

Automatic Fire Extinguishing System, Vertical Tube Cleaner, Horizontal Tube Cleaner, Parts Cleaner, Spin-Etcher, Photomask Storage Cabinet, Organic Solvent Dehydration and Recycling System, Gate Valve.

常壓電漿表面處理裝置、UV水中殺菌系統、高壓噴洗系統、氣懸浮鼓風機、靜電防護、TFT-LCD製程所需設備、相關零組件及材料銷售，設備拆機、移機、翻修、保固維修等服務。

AP Plasma Cleaner, UV Water Sterilization System, High Pressure Clean System, Turbo Compressor & Blower, ESD Protection, Equipments/Spare Parts/Related Materials for TFT-LCD Process, Services of maintenance warranty, deinstallation, move-in, move-out and refurbishment.

小型無人搬運及自動倉儲系統、成品出貨包裝系統、紙箱自動成型設備、軟包電池自動分級及模組封裝系統、背光元件模組熱壓設備、自動化設備客製服務。

AGV & automatic storage system, shipment packaging system, Automatic carton forming equipment, Automatic classification and module packaging system for soft pack battery, Backlight component module hot pressing equipment, Automation equipment customization service.

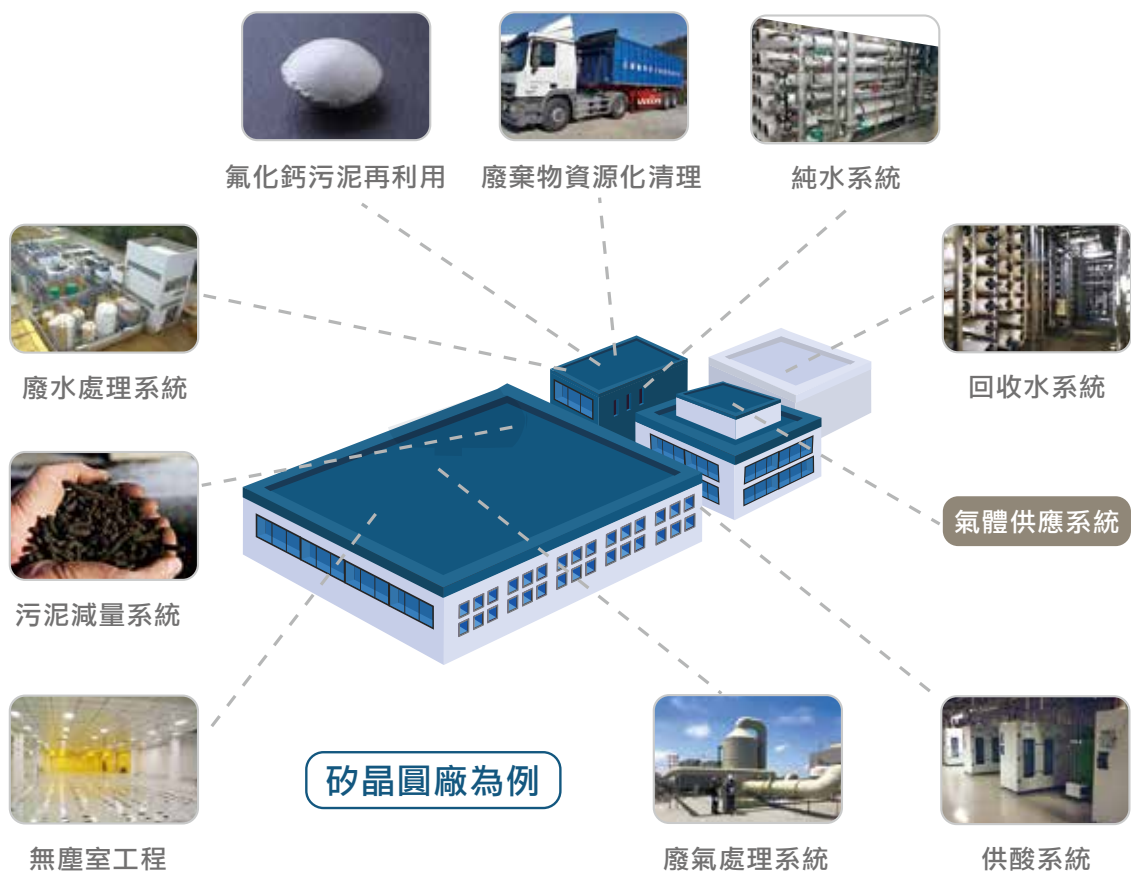

環保綠能 Environment Protection and Green Energy

為解決資源耗竭問題與降低環境污染衝擊，落實「與地球共生」的企業理念，積極投身綠色產業，提出全面性的減碳、節能、抗暖化等方案，建立可永續發展的環境對策與能源機制，再造地球生機。

In response to resource depletion problems and the impact of pollution, we promote and implement the "Living with the Earth" corporate philosophy and actively engage in green industries to propose comprehensive carbon reduction, energy-saving, and anti-warming solutions that establish sustainable environmental and energy strategies to revitalize our Earth.

環境工程 Environmental Engineering

高科技廠務工程 Facility Systems for Hi-tech Industries

台灣環工專業「建越科技」，與長期深耕中國市場的「蘇州崇越工程」，提供整合環保工程服務，業務範疇含括純水、廢水處理及回收工程、廢棄物處理、無塵室、公共工程、機電空調工程等，從系統設計以至全廠建置，提出防污對策，以實踐保護地球的環境方針。

"ECO Technical Services", a professional environmental engineering service provider in Taiwan, and "Suzhou Topco Construction", long based in China, both provide integrated environmental engineering solutions for pure water treatment, waste water treatment and recycling, waste recycling, clean room, infrastructure, mechanical and electrical work, HVAC, etc. Our wide services range from system design to whole-plant implementation, all in the goal of protecting the environment from pollution.

設備及藥品 Equipment and Chemicals

自行開發並代理水處理系統相關藥品、材料與設備，以提升系統整體效能，如：過氧化氫分解酵素、過氧化氫催化劑、除銅劑、固定化生物擔體、節能乾燥機、氣動泵。

We develop and distribute water treatment system related products, including related chemicals/materials/equipment that improve system performance, i.e. hydrogen peroxide decomposition enzyme, hydrogen peroxide decomposing catalyst, copper decomposer, immobilized bio-carrier, energy-saving dryers, air diaphragm pump.

氟化鈣污泥 Calcium Fluoride (CaF₂) Sludge

協助客戶就氫氟酸廢水處理後所衍生之氟化鈣污泥進行資源化再利用，以符合企業社會責任與循環經濟目標。氟化鈣污泥可回收利用，製成人工螢石後提供鋼鐵產業作為助熔劑使用，有效節約能源、減少廢棄物處理成本。

We provide a waste reuse service by recycling calcium fluoride sludge which produces from HF wastewater treatment procedure, and processing it into artificial fluorite, which is one kind of fluxing agent for the iron and steel industry. Our goal is to save energy, reduce waste weight and cost of disposal for the ESG and circular economy purpose of our customers.

綠色環保產品 Green Products

全氟濾心和純化濾心再生 Filter Regeneration Service

濾心再生服務目標是將使用過的濾心回收，經特殊再生程序，將使用過的濾心延長壽命，回歸近原廠出廠值。濾心再生服務符合ESG綠色環保可達到節能減碳效果，價格競爭上也是一大優勢。

The goal of the filter cartridge regeneration service is to recycle used filter cartridges through a specialized regeneration process. This process aims to extend the lifespan of the used filter cartridges and restore them to values similar to when they were originally manufactured. The filter cartridge regeneration service aligns with ESG (Environmental, Social and Governance) principles by promoting green and environmentally friendly practices, which can lead to energy conservation and carbon reduction. These products also offer a competitive advantage in the market in terms of pricing.

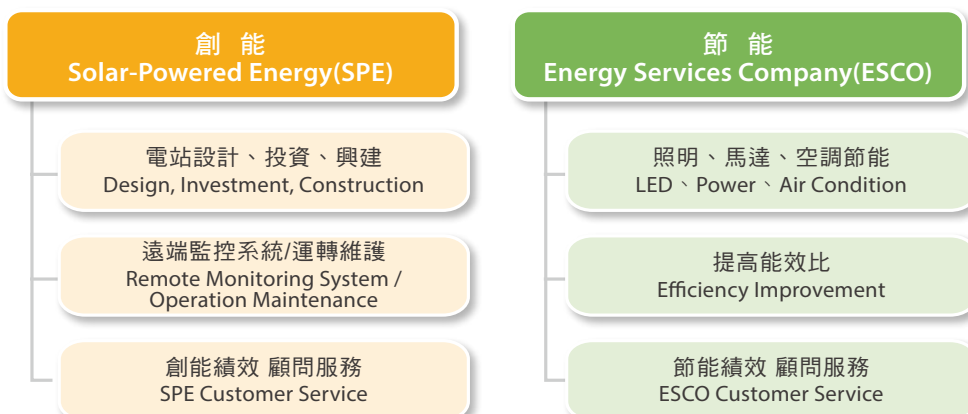

綠色能源 Green Energy

整合服務 Integration Services

集結創能、節能、儲能及系統整合的「嘉益能源」及「建越工程」，擁有完整的太陽能供應鏈、EPC統包工程、營運維護團隊，以及雲端監控系統，具建構各種規模電站的專業能力，推動對環境友善的潔淨能源，提供客戶最適解決方案。目前嘉益能源已累積超過50MW、逾百座國內外太陽能電站建造實績。

"Jiayi Energy" and "ECO Technical Services" offer solutions for energy production/saving/storage and system integrations. The company's services form a comprehensive solar energy supply chain that covers EPC construction, operation & maintenance, and a cloud monitoring system. We have expertise to construct solar power plants of all sizes, and offer clients the best solutions for this environmentally friendly renewable energy. We have installed numerous solar power plants with a capacity of more than 50 megawatts.

環境評估監測 Environmental Assessment and Supervision

光宇工程顧問股份有限公司
Unitech New Energy Engineering Co., LTD

「光宇工程顧問」自1989年10月成立以來，持續提供能源產業、科學園區及水資源產業等各項環境評估及監測服務，為國內唯一獲環保署評鑑8次A級合格廠商。除為國內燃氣電廠環評實績最多的顧問公司外，亦洞悉全球再生能源及台灣政府的能源政策趨勢，領先同業切入離岸風電的環評及環境監測業務，為國內離岸風電環評業務的領導者。

"Unitech New Energy Engineering (Unitech)" was established in October 1989 and has continued to provide environmental impact assessment and supervision related consulting services for Energy Industries, Technology Parks, and Water Resource Entities. Unitech is the only environmental consultant that is recognized by the EPA as the 8-time top level (Grade A) domestic organization. Among the domestic environmental consultants, Unitech has conducted environmental impact assessment projects for most of the domestic natural gas power facilities. Unitech also foresaw the domestic and global trends in renewable energy development and became a pioneer in conducting environmental impact assessment and environmental supervision projects for offshore wind farms.

食品科技 Food Technology

以科技思維建構大健康產業，整合健康生產、健康服務，跨足食品科技領域。從生產源頭、加工製造、物流倉儲、通路販售，建立一條龍式的供應鏈溯源透明化品管機制。秉持食品無添加原則，落實全魚利用、研發機能性食品，面向全球市場。

Building a health business with a technology mindset, Topco integrated health products and services to enter the food technology field. From production source, processing and manufacturing, logistics and warehousing to distribution, we have established a one-stop supply chain traceability and transparent quality control mechanism that uses no food additives and performs the best utilization of the whole fish, we develop premium functional foods for the global market.

安永生技

ANYO

安永生活

安永心食館
ANYO MUSEUM

生產製造 Processing

安永生技於高雄彌陀設立之世界級水產加工廠，生產線經FSSC 22000、ISO22000、HACCP等國際認證。自日本引進CAS細胞活存技術，以高科技磁場與低周波技術冷凍，鎖住食材鮮度和營養；並斥鉅資打造亞洲首座，同時亦為世界第三座的大型CAS超低溫保管庫。

ANYO Biotechnology built a world-class aquatic food processing plant in Mituo, Kaohsiung. The production lines have been certified by international standards, such as FSSC 22000, ISO 22000, HACCP. The Cells Alive System (CAS) introduced from Japan can keep the freshness and nutrients of the food with high-tech magnetic fields and low-frequency wave, and the food tastes just like freshly-caught after it is unfrozen. It spared no investment to build the first CAS warehouse in Asia, which is also the third largest CAS storage warehouse in the world.

品質控管 Quality Control

經安永食品安全中心嚴格把關，進行微生物檢測和危害物質篩檢等，總計超過60項衛生安全自主檢驗，並定期委託第三公正單位，進行藥物殘留、重金屬及化學添加物檢驗，嚴密守護台灣人的健康。

The ANYO Food Safety Center proactively conducts more than 60 health and safety tests, including microbiological tests and hazardous substance screening, to strictly control its products. The Center also regularly commissions impartial third-party institutions to conduct drug residue, heavy metal, and chemical additives testing to protect the health of people in Taiwan.

品牌/通路 Branding and Channels

「安永鮮物」健康超市以安心、鮮美、便利為出發點，帶給全家人健康快樂每一天。

從源頭把關食品安全，匯集全國最優質安心農畜產，和國家級檢驗保證之頂級水產。照護外食族的健康，嚴選天然在地可溯源食材，聘請國宴主廚、藥膳專家合作開發調理熟食、料理醬包與藥膳湯品等，提供「無添加」飲食，引領現代家庭美味健康新食尚。

Safe, fresh and convenient- this is where "ANYO Fresh" supermarket starts from and how it ensures that everyone in the family can be healthy and happy every day.

The group undertakes oversight of food safety from the source, gathers safe agricultural and animal products of the best quality, and top-level aquatic products certified by national inspection. It takes care of the health of those who could not eat at home, selecting natural and local ingredients with traceability and developing ready-to-eat products, cuisines with sauce packages and herbal soups by joining efforts with master chiefs and experts in herbal cuisines. These additive-free food and beverage options give rise to a new fashion in home-made cuisines, becoming synonyms of deliciousness and health.

機能性食品 Functional food

飲食保健蔚為風氣，安永推廣「全魚利用」概念，2023年以「鱸魚的綠色經濟全魚利用技術」勇奪東京創新天才國際發明展金牌。透過生物科技程序萃取人體必須的9種胺基酸，製成機能性食品；並利用魚膠原微肽，研發膠原蛋白護膚商品。明星商品「安永鱸魚精」系列的「健康御品」，通過國家有效抗疲勞的健康食品認證，以及榮獲SNQ「國家生技醫療品質獎」，並自2018年起，連續六年榮獲世界品質評鑑大賞金獎，同時取得荷蘭A.A.美食二星獎與A.A.無添加三星認證之雙料認證。「龜鹿御品」則榮獲國際風味暨品質評鑑所2023年風味絕佳獎章一星認證。

Dietary health and wellness have gained increasing attention from consumers, and ANYO promotes the concept of "full utilization of fish." In 2023, the company achieved remarkable success by winning the gold medal at 37th World Genius Convention and Education Expo 2023 in Tokyo with its "Green Economy Full Utilization Technology for Silver Perch." They have developed collagen skincare products using fish collagen micro-peptides. Their flagship product, "Santé Premium Silver Perch Essence," has obtained national certification for its anti-fatigue properties and has been honored with the SNQ "National Biotechnology and Medical Quality Award." It has also been consistently awarded the Gold Award at the Monde Selection for six consecutive years since 2018. Furthermore, it has received dual certifications: the Dutch A.A. Great Taste Two-Star Award and the A.A. Anti-Additive Three-Star Certification. "Santé Premium Silver Perch Essence" has also been recognized with the ITQI "Superior Taste Award" in 2023.

健康樂活 Health and Welfare

以科技核心優勢鏈結食安、觀光、休閒、運動，打造大健康產業。從產地到餐桌的安心履歷認證，鑽石級全家遊憩場域，國手級設備及專業教練的運動場館，為我們對全民健康的承諾。

By interweaving food safety, tourism, leisure, sports, and Topco's technology strengths, we are building a comprehensive health industry. With secure food track records from farm to table, first-class family recreation, and sports facilities with professional equipment and coaches, we fully commit to the health of everyone.

觀光遊憩 Recreation

安永心食館 ANYO Museum

安永心食館為鱸魚精觀光工廠，榮獲ISO22000、HACCP、FSSC品質認證。產品多次得到國際性大獎肯定，並獲得國家級的品質保證。承接Cells Alive System冷凍食品研發及代工，提供客製化研發及生產服務，滿足不同餐飲及商品需求。

館內透過高科技趣味互動、DIY活動了解安心食品製作過程，

提供從產地到餐桌飲食體驗，以Cells Alive System保鮮技術保存食材的鮮美，結合主廚精湛手藝，呈現完美的飲食饗宴。

2018年8月獲內政部頒發「鑽石級」綠建築獎項，是台灣唯一獲此殊榮的觀光工廠。並於2020年選列為「綠建築示範基地」。

Anyo Museum is a Silver Perch Essence tourism factory that has been awarded ISO22000, HACCP and FSSC quality certifications. ANYO's products have received numerous international accolades, awards and national-level quality assurance, showcasing their excellence. We undertake the research and contract manufacturing of the Cells Alive System frozen food, offering tailored development and production services to meet various culinary and product needs.

Inside the museum, there are high-tech interactive experiences and DIY activities that allow you to understand the process of creating safe food. We provide a dining experience from farm to table, preserving the freshness of ingredients through the Cells Alive System preservation technology, combined with the culinary expertise of our chefs, presenting a perfect dining experience.

In August 2018, Anyo Museum were honored with the "Diamond Grade" Green Building Award by the Ministry of the Interior and remains today the only tourism factory in Taiwan to receive this prestigious recognition. Furthermore, in 2020, we were selected as a "Green Building Demonstration Site," recognizing our commitment to sustainable and environmentally-friendly practices in our facility.

運動休閒 Sports and Leisure

運動中心 Sports Center

崇越科技於2019年受託營運臺北大學綜合體育館，2022年起亦受託營運桃園八德社會住宅運動中心、台北市榮星花園游泳池、信義運動中心及永春活力館，提供民眾平價優質的運動環境；此外，成立XPORTS專業運動訓練品牌，透過運動科學、專業器材設備以及體能肌力專項訓練，打造專業運動服務，並透過訓練協助選手達到個人運動成就。

Topco was commissioned to operate NTPU Sports Center in 2019 and Taoyuan Bade Social Housing Sports Center, Rong Xing Swimming Pool, Taipei Xinyi Sports Center, Yongchun Gym in 2022 to provide a high-quality yet affordable sports facilities and environment. Furthermore, XPORTS was established as a professional sports performance training brand to provide professional services through sports science, professional equipment, and specialized training for strength and conditioning to help athletes achieve personal success.

In 2019, Topco was commissioned to operate the Taipei University Sports Center, spending ten million NT dollars on building and upgrading the facilities, including a swimming pool, gymnasium, aerobics classroom, and sports training performance center to provide a high-quality yet affordable sports environment. In 2021, XPORTS was established as a professional sports training brand to provide professional services through sports science, professional equipment, and specialized training for physical fitness and muscle strength to help athletes achieve personal success through training.

棒球隊 Baseball Team

響應政府推廣「國球」運動，並善盡企業社會責任，崇越科技自2011年籌組甲組棒球隊「全越運動棒球隊」，培育棒球人才，相繼奪得「2014爆米花夏季聯盟」，「2016、2019春季聯賽」、
「2020協會盃」總冠軍，戰績亮眼。

崇越集團致力培育棒球選手，持續邀請MLB、日職、美職等好手來台交流，辦理台日棒球交流賽，免費開放民眾入場看球，持續推廣棒球文化與運動娛樂風氣。

In response to the government's efforts to promote baseball as a "national sport" and fulfill its corporate social responsibility, Topco organized the first A-division "XPORTS" baseball team in 2011 to cultivate baseball talents. The team has won the "2014 Popcorn Summer League", "2016 and 2019 Spring League", and the "2020 Association Cup" championship with remarkable records.

Topco Group dedicates to the cultivation of baseball players and continues to invite top-notch players from MLB and NPB, organizes Taiwan-Japan baseball game without charging entrance fee, in the hopes to promote baseball culture and people's passion for sports and entertainment.

運動補給 Sports Nutrition

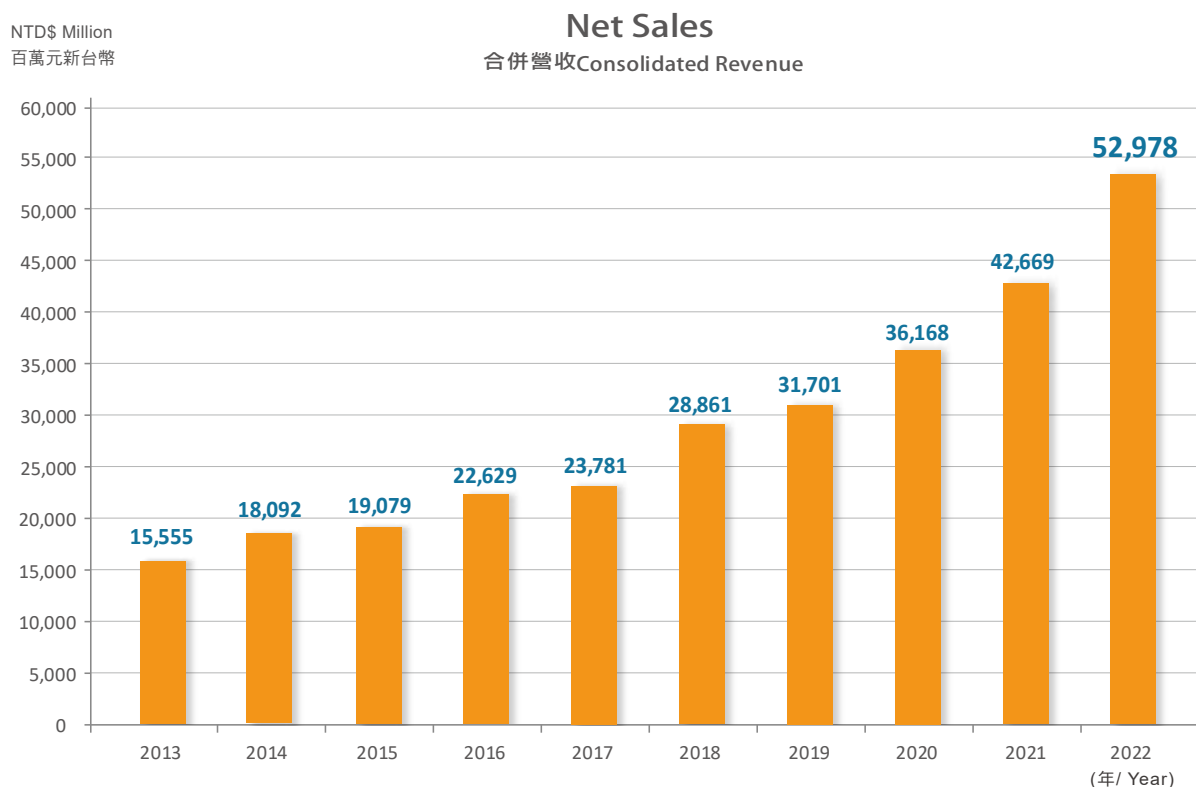

崇越科技旗下Betery團隊，召集營養師、食品專家與專業運動員研發一系列專業運動補給品；以專屬配方、科學精神提拱運動員及每個使用者的營養需求，以提升運動表現、幫助修復。Betery系列商品不斷發展壯大，提供使用者供鍛煉前、鍛煉期間和鍛煉後的優質產品。

Betery

Under the Topco umbrella, the Betery team brings nutritionists, food experts, and professional athletes together to develop a series of professional sports supplements. Thanks to scientifically based and exclusive formulas, the supplements successfully meet a wide range of sports needs for athletes and healthy individuals to improve performance and recovery for athletes. The range has grown to provide high-quality products before, during and after their workouts.

營業績效 Achievement

外部肯定 Awards and Recognition

經由多年努力，集團的營業範疇與事業版圖日益擴增，除了亮眼的營收獲利表現，更透過事業活動創造社會價值，獲得合作夥伴的一致好評，與社會極高的企業評價。陸續獲得客戶與外部機構頒發「最佳合作廠商」、「最佳供應商」、「傑出貢獻獎」、「卓越服務獎」、「台灣金根獎」等多項肯定。此外，崇越科技還獲得台灣併購金鑫獎「中堅企業併購獎」，工程品質獲行政院第21屆「全國公共工程金質獎」、桃園市政府第5屆「公共工程金品獎」肯定。亮眼績效於2023年獲得《天下雜誌》評比「台灣資通訊與IC通路業」第12名、「台灣2000大服務業」以及「服務業最賺錢公司」第35名的佳績。

Over the years, we have grown in terms of sales and business scope. Other than spectacular sales/earnings performance, we also add value to the society through our ventures and philanthropic work. Our exceptional performances have won us recognition in the industry in the form of numerous awards from clients and third parties, including awards for "Best Partner", "Best Supplier", "Outstanding Contribution", "Excellent Service" and the "Taiwan Golden Root Award". In addition, Topco also received the Taiwan M&A "Medium-Sized Enterprises M&A Deal Award", while its engineering quality was recognized by the 21st "National Public Project Golden Quality Award" of the Executive Yuan and the 5th "Public Project Golden Quality Award" of Taoyuan City Government. Topco's outstanding performance has earned 12th place in the "Taiwan ICT and IC Channel Industry" and 35th place in "Taiwan Top 2000 Service Companies" and "The Most Profitable Companies in the Service Industry" by Commonwealth Magazine in 2023.

企業永續責任 ESG

崇越科技接軌國際，致力研發創新、學術發展、產學聯盟，並建立氣候策略的長期目標，在環境、社會、公司治理三大面向持續落實聯合國永續發展目標。

Topco has embraced global trends, and is committed to innovative research, academic development and industry-academia collaboration. We have also established long-term climate strategies, working towards our environmental, social and corporate governance goals in alignment with the UN SDGs.

循環經濟 Circular Economy

因應全球環保、綠能、節能減碳趨勢，崇越科技持續關注環境保護議題，長期投資研發符合最新環保法規的廢水處理技術與產品，解決高科技廠客戶的廢水處理難題，並成功開發顯影製程廢水處理系統、銅製程廢水處理系統、研磨切割溶液廢水處理系統、多孔性固態生物擔體、含氟廢水處理系統與全回收零排放技術。

透過崇越集團暨旗下關係企業建越科技、嘉益能源、光宇工程跨足環境產業，提供太陽能、廢水及氟化鈣污泥回收處理等相關產品、技術服務、系統整合、統包等服務，並跨足潔淨能源、環境評估、監測等環境工程顧問領域，落實環境永續及企業社會責任。

In light of global trends in environmental protection, green energy and energy conservation, Topco has long-maintained a continuous focus on environmental protection. We make long-term investments in research and development of wastewater treatment technologies and products that adhere to the latest environmental regulations, aiming to address the wastewater treatment challenges faced by high-tech factories. We have successfully developed various wastewater treatment systems, including those for photolithography process wastewater, copper process wastewater, grinding and cutting solution wastewater, porous solid biocarriers, fluoride-containing wastewater treatment systems and zero-emission full recovery technologies.

By harnessing the synergies of the Topco Group and our affiliated companies, including ECO Technical Services, Jia Yi Energy and Unitech New Energy Engineering, we have expanded into the environmental industry. We offer a range of products, technical services, system integration and turnkey solutions in areas such as solar energy and sludge wastewater treatment. Additionally, we have ventured into the fields of clean energy, environmental impact assessment, monitoring and environmental engineering consulting, fully demonstrating our commitment to environmental sustainability and corporate social responsibility.

健康照護 Healthcare

將科技思維擴及食品科技、觀光遊憩、運動等產業，導入健康飲食、運動科技檢測及定期諮詢等專業服務，呼應聯合國健康促進的永續議程，安永集團用半導體行業追求完美的態度，與世界同步促進公眾的健康生活。

Expanding our technological mindset beyond the semiconductor industry, we have expanded into sectors such as food technology, tourism and sports. We have integrated our expertise in healthy diet, sports technology testing and regular consultations into these industries. This aligns with the agenda for health promotion under the UN SDGs. Just as we pursue perfection in the semiconductor industry, the ANYO Group is dedicated to keeping abreast with the world to promote a healthier lifestyle for the public.

產學合作 Industry-Academia Cooperation

為提升台灣產業競爭力，於2008年起創辦被產官學界譽為「管理學界奧斯卡獎」的「崇越論文大賞」；2016年起更擴大研發創新領域，舉辦「崇越行銷大賞」，拔擢新創思維，整合產學資源，培育人才。為活絡學術與實務交流，持續贊助台灣管理學會、光華管理策進基金會，更透過舉辦各式講座、論壇、研討會及培訓課程，打開青年世代的國際視野、積極吸取世界新知。

To elevate Taiwan's industry competitiveness, we initiated the prestigious TSC Thesis Award in 2008, which has gained recognition as the "Oscars of Management Science." Starting from 2016, we further expanded into innovative research domains by introducing the TSC Marketing Award, which not only identifies new creative perspectives but also integrates resources from academia and industry to cultivate talent. In order to promote academic and practical exchanges, Topco continues to sponsor the Taiwan Management Institute and the Kung-Hwa Management Foundation, and organizes various lectures, forums, seminars and training courses to open up the international breadth and ambition of the young generation, and actively gain new knowledge from the world.

集團願景 Group Vision

崇越科技持續投入高成長、高價值事業。以高科技產業扎實的經驗，縱向整合商務模式、橫向連結產業資源，將能源、環保、民生與運動健康等領域納入集團網絡中，提供國人完善的全方位生活提案。

因應全球環境保護與健康養生趨勢，陸續跨足環保、食品、運動休閒等生活產業，戮力朝各領域無可替代的優秀企業目標邁進。全體員工謹守高度的責任意識與自律管理，確保消費者能安心、安全地使用產品，以期成為最值得社會信賴的指標性集團。

展望未來，崇越科技身為產業整合及技術提供領導者，將持續深耕高科技領域，拓展美國、日本、新加坡、越南、馬來西亞等海外新據點，深化市場布局，與供應商、客戶攜手共創價值。

Topco continues to invest in high-growth, high-value businesses. With solid experience in the high-tech industry, Topco integrates vertical business models and connects horizontal industrial resources to incorporate energy, environmental protection, livelihood, sports, and health care into the Group's network to offer comprehensive, healthy life for people.

To lead the global trend of environmental protection and people's wellbeing, Topco has been aggressively expanding into the environmental protection, food, sports, and leisure industries to become an irreplaceable player in the respective fields. Topco employees are committed to a high level of responsibility and self-discipline to ensure that consumers can enjoy its quality products with peace of mind for the Group to become the most trustworthy benchmark enterprise in the community.

Looking ahead, as a leader in industry integration and technology provision, Topco will continue to develop in the high-technology business and expand its overseas presence in the US, Japan, Singapore, Vietnam, and Malaysia to deepen its market cultivation and create value shared with the suppliers and customers.
